I am working in the field of family violence,  
to have a youth hub, based on the health hub  
with key organisations, housed within, on a permanent  
or rotating office occupation would see the health & well  
being of Marlboroughs youth improve. vital

#### **Personal Comments:**

Until the creation of the Marlborough Youth Trust, the youth of our area not only had limited youth focused community resources, but also a lack of advocacy. There is an exciting opportunity for both of these to be addressed by the Trust, in a social climate where our youth are under increasing pressure. If we are to do more than just despair at "youth issues" then we need to support this vehicle for change.

Marlborough youth need a place where they can be 'safe' and surrounded by people who take an interest. As a small community there are very few places targeted at this age group.
