

Tēnā koe,

The Marlborough Youth Trust is a critical resource for my role as the Education to Employment Broker for the Marlborough Chamber of Commerce. MYT provides a space and connections that allow me to connect youth and their whanau who are not engaged at school with employment education and opportunities.

The Youth Employability Program is an important resource for students who are wishing to develop work ready skills. This is one of the key concerns raised by employers and programs such as YEP go some way towards preparing youth for employment.

I am extremely happy to provide endorsement and support for MYT and can be contacted for further information at the address below.

Ngā mihi nui

Chris Shaw
