To Whom It May Concern

I wish to express my support as Suicide Prevention Coordinator for Nelson Marlborough, for the Marlborough Youth Trust's (MYT) application for funding an IT system to keep their information secure and to help keep young people safe. A more efficient secure web-based reporting system will permit MYT to increase administrative efficient and allow more connection with their youth clients.

The Marlborough Youth Trust provides a vital role in Marlborough supporting vulnerable young people in the community, thereby reducing the potential for suicide ideation and harm.

As suicide prevention coordinator, I acknowledge the excellent mahi MYT continues to do in helping keep young people safe in Marlborough.

Yours sincerely

Paul Martin

Suicide Prevention Coordinator

Nelson Marlborough DHB
