

Submission to Annual Plan

Toilet facility at the Redwood Street/ Wither Hills carpark

There is an urgent need for a toilet at this carpark - this has been discussed by walkers, bikers, and harriers [it is not unusual to see evidence of toilet paper etc in the vegetation above the carpark].

While there is a toilet further up Sutherland Stream, it is not accessible to walkers on the track to Mt Vernon, bikers, or Sutherland Stream dog walkers.

A basic structure such as the Quail Stream carpark toilet would be quite adequate and much appreciated.
