Lee Harper  
The Omaka Observatory Charity Trust  
Omaka  
Marlborough

Dear Lee

**Letter of Support Darks Skies project**

Lee, as you will be aware, some of the Destination Marlborough Team recently attended one of the Omaka Observatory evening activities.

We were impressed by the level of service, professionalism, enthusiasm, engagement, and knowledge of the all-volunteer staff that attended that evening. Your product is something special that Destination Marlborough would be proud to promote.

I appreciate that all proceeds for ticket sales go to support the local schools and their endeavours to learn about the solar system.

Destination Marlborough supports your submission to create a low-touch dark skies project as we see a direct opportunity to promote your product to our domestic and international audience.

All the best in your efforts

Yours Sincerely

Bruce Moffat  
General Manager  
Destination Marlborough
